The Democrats of New Hampshire met in State Convention this week and nominated a ticket headed by Thos. Cogswell for Governor.

Wm. E. Smith, Assistant Secretary of the Treasury, has resigned and will be succeeded by Hugh S. Thompson, of South Carolina.

The Arkansas Democratic State Convention is in session at Little Rock this week. It is expected that all of the present state officers, with the exception of the Auditor, will be re-nominated.

The Henderson News speaks without authority when it attempts to define the KENTUCKIAN's attitude in the coming Congressional race. We have never indicated in any way how we would stand as between the present aspirants.

It has come to light that a fight occurred between Hon. Chas. D. Jacob, U. S. Minister to Columbia, and Dr. V. O. King, Secretary of the Legation, at Bogota, some time before Minister Jacob left on his leave of absence. The fight is described as a disgraceful pugilistic encounter and it is probable that both of the belligerent diplomats will be requested to resign.

The dead body of Joe Ramsey was found hanging in the woods of Rockcastle county. On the 11th inst. a party of masked men took Ramsey and his wife from their beds and gave them a terrible beating and gave them ten days to leave the county. Failing to sell his property Ramsey committed suicide. Mrs. Ramsey has had Thos. Hays, one of the klux party, put under a bond of \$300.

The Courier-Journal publishes a list of 45 soft places not under the Civil Service law which are yet filled by Republicans in the Treasury Department. There are also 175 other positions paying from \$360 to \$840 per annum and 600 employees paid per diem salaries still undisturbed. All of this in spite of the fact that the people voted to "turn the rascals out" fifteen months ago. Is this a Democratic administration or not?

A Washington paper published the number of bills introduced by each member this session. The number runs from 1 to 105. Thirty would probably be the average of the Kentucky delegation. Hasell introduced 98, Baubee 78, McCreary 70, Willis 68, Breckenridge 58, Lafoon 58, Robertson 45, Stone 41, Wadsworth 22, Wolford 16, Carlisle none. The total number of bills introduced since the session opened is 96,542. Already 3,108 bills have been considered by the committees and reported to the House. In both sessions of the Forty-eighth Congress only 2,696 were acted upon.

Speaking of the Congressional race the Henderson News says:

A rumor reaches us that a coalition is to be formed—or has been—for Union and Henderson county politicians to mass their strength on Dixon and Adair, in case of a close vote, and to arrange constructions in a convention looking to this end. A similar method here at Henderson unfairly chiseled Col. Tom Jones out of his proper strength with the people, and thus defeated his nomination at Louisville. To prevent a repetition of this flagrant wrong the friends of Lafoon—the advocates of fair play should insist on a primary district election, that will properly represent the wishes of the democracy in the county.

STAFF OF LIFE.

Bread Prospects in Illinois, Missouri and Kentucky—Rain and the Chinch Bug.

VANDALIA, Ill., June 28.—In part of Fayette county the chinch bugs are destroying the corn, field after field having been given up to the pests. With a view of exterminating the chinch bugs, the farmers have agreed not to sow any wheat for three successive seasons.

CHICAGO, June 27.—The following summary will appear in this week's issue of the Farmers' Review:

The harvesting of wheat has been concluded in Tennessee, Kentucky and Missouri. In the former two states continuous wet weather delayed the gathering of the grain in some sections, and caused some damage, both before reaping and while in shock. In Fayette and Jessamine counties, in Kentucky, whole fields are reported to have been ruined by black rust, and in Fayette the reports indicate that fully one-half of the crop was ruined. The average yield in both States is reported at from 15 to 25 bushels to the acre, where no injury from rust has occurred. The reports indicate that in nearly every portion of Missouri farmers were unusually successful in harvesting wheat. The average yield is placed as high as 17 to 22 bushels to the acre in St. Clair, Pike, Chariton and Scott counties. The indications are that the entire average for the State will be unusual high. Harvesting is still progressing in Illinois, Indiana and Ohio, under fairly favorable conditions, though scattering reports of rain and rust are made, but not such as to indicate any widespread damage. Rains prevailed over large areas of Dakota, improving the general outlook for spring wheat greatly and apparently insuring an average yield. The reports still indicate that the general average throughout the Territory of both wheat and oats was reduced 10 to 15 percent. before the drouth was broken. In Stutsman county the report this week indicates that not to exceed one-half a wheat crop is promised, while in Coddington and several adjoining counties the reports show that the crop was shortened 15 to 20 percent. The situation in Minnesota has not materially improved. In Dodge, Fillmore, Martin, Nicollet and Winona the reports state that fully one-fourth to one-half of the entire spring wheat and oat crops have been ruined by the drouth, and to the fact that the rains came too late. The need of rain in Iowa and Nebraska is reported in Cass, Carroll, Franklin, Howard, Iowa, Keokuk, Marion and Van Buren counties. In Iowa the necessity for rain has been very pressing, and the prospective yield of wheat and oats has already been lessened 15 to 20 percent. The corn prospects continue very promising in both the Northwest and Southwest States.

Spring Humors.

If you are afflicted with eruptions of the skin, pimples, blotches, or slight sores that will not heal, your blood is bad and full of impurities. You need Dr. Jackson's Cornical, which is an unfailing remedy for any disease of the blood or system. Do you feel weak, debilitated, all tired out, feverish, or in poor spirits, use Dr. Jackson's Cornical. It will enrich your blood, strengthen your system and restore to you the natural buoyancy of your spirits. Sold by J. R. Armstrong, Hopkinsville, Ky., at \$1.00 per bottle.

KELLY'S KEY.

June 29th, 1886.

We understand that F. W. Owen, Jr., is to be one of the musicians at the Crofton picnic and dance next Saturday. Mr. Owen is one of the rising musicians of our country. He is gaining prominence as a banjoist and cornet player, being a member of the Hopkinsville band. He is a son of Mr. F. W. Owen, Sr., whom every one knows as the best violinist in Kentucky.

Notwithstanding the draw-backs occasioned by cut worms, grasshoppers and long continued rains, the various crops never looked better. There was but little wheat sowed in this vicinity, but what wheat there was is good and has been harvested with but little loss in spite of wet weather. Farmers are beginning to plow again and B. F. Fuller is one of the foremost to give his corn its final plowing or "laying by."

Private letters from Young county, Texas, report the crops there as totally burned up by the drouth.

Let me ask, is not a four legged chicken a quadruped? WEAVER.

A quadruped is an animal having four legs. A quadruped chicken cannot be classed with four-footed animals. It is simply a monstrosity. Still the question is one that the debating societies might tackle.—[Ed.]

CURFEW SHALL NOT RING.

A Singularly Singular Suit Against a Church.

LOANSBORO, Ind., June 28.—A novel suit against the German Lutheran church has been filed in the Circuit Court, Mrs. Nina Bachman asking that the pastor and trustees be enjoined from ringing the chime of bells. She complains that her daughter, who has been an invalid for years, suffers a severe and dangerous relapse at each ringing of the bells. The Bachman residence is within a square of the church. The family is one of the foremost in the city, and the case will be vigorously prosecuted. One thousand dollars damages are demanded with the injunction.

DYSPEPSIA

As dyspepsia is so well as determining complaint, it is neglected, it tends, by impairing nutrition, and deranging the system, to produce the very worst results.

BROWN'S IRON BITTERS

PHYSICIANS AND DRUGGISTS RECOMMEND IT.

Quickly and completely cures Dyspepsia in all its forms. Headache, indigestion, flatulence, acidity, etc. It restores the blood, stimulates the system, and gives the system the very best of health.

Having used Brown's Iron Bitters for Dyspepsia and Indigestion, I take great pleasure in recommending it to all who are afflicted with these troubles. It is a most valuable tonic and a most effective remedy for all the above troubles. It is sold by all druggists and is the only one that will cure them. It is the only one that will cure them. It is the only one that will cure them.

Take no other. It is the only one that will cure them. It is the only one that will cure them. It is the only one that will cure them.
